

# CLIENT NAME

Certified vCIO Professional | CISM, CISA, CGEIT | Specialist in Risk Mitigation, IT Governance (COBIT/NIST) & Digital Optimization

Brooklyn, New York, United States | Phone: | Email: | [linkedin.com/in/](#)

## Profile

A senior IT executive with 25+ years of experience architecting enterprise cloud solutions, modernizing legacy infrastructure, and enforcing NIST- and ISO-aligned cybersecurity frameworks. Delivered 23% annual cost savings, led \$140M+ in programs, and accelerated digital maturity across hybrid environments.

## Core Competencies

Cloud & Infrastructure	Cybersecurity	Enterprise Solutions	Strategy & Leadership
<ul style="list-style-type: none"><li>AWS &amp; Azure Architecture</li><li>Virtualization (VMware, Hyper-V)</li><li>IAM &amp; Cloud Migration</li><li>Microservices &amp; Web Services</li></ul>	<ul style="list-style-type: none"><li>NIST, ISO 27001, ITIL</li><li>Risk Management &amp; GRC</li><li>Threat Detection (MDR/EDR)</li><li>Vulnerability Assessment</li></ul>	<ul style="list-style-type: none"><li>EMR/ERP (EPIC, Workday, SAP)</li><li>CRM (Salesforce, Dynamics)</li><li>ITSM Tools (ServiceNow, JIRA)</li><li>Data Architecture &amp; Integration</li></ul>	<ul style="list-style-type: none"><li>IT Roadmaps &amp; Digital Transformation</li><li>Project &amp; Portfolio Management</li><li>Vendor &amp; Budget Oversight</li><li>C-Level Stakeholder Engagement</li></ul>

## Technical Proficiencies

• Python • Docker • JIRA • SQL • AWS • Azure • EPIC • Salesforce • ServiceNow • Tableau • VMware • ISO 27001 • COBIT 5 • NIST CSF

## Experience

### IT Executive / Sr. Director – IT Operations, Architecture & Cybersecurity

<div>State - US.</div> <ul style="list-style-type: none"><li>Architected and executed enterprise-wide IT strategies for public and private sector clients, aligning business objectives with cloud, cybersecurity, and application modernization initiatives, achieving a 20% performance uplift and 30% risk reduction in legacy systems.</li><li>Directed full lifecycle implementations of 7+ ERP systems (Workday, Oracle, Microsoft, Inform), reducing software defects from 225/month to zero through reusable modular architectures and advanced automation tools.</li><li>Spearheaded EMR deployment across 6 major U.S. healthcare clients, overseeing end-to-end Rx onboarding, infrastructure design, and compliance integration, ensuring on-time, audit-ready rollouts aligned with HIPAA.</li><li>Led transformative digital innovation programs, integrating generative AI, VR/AR, and Unreal-based simulation engines to develop 34+ virtual medical procedures, positioning the company as a pioneer in healthcare technology.</li><li>Oversaw cloud migration and multi-cloud architecture across AWS, Azure, and Google Private Cloud, consolidating infrastructure, improving scalability, and reducing hosting costs by 23% annually.</li><li>Chaired strategic planning for IT budgets, vendor management, and cybersecurity frameworks (NIST, ISO, GRC), delivering enterprise-wide audit compliance and strengthening security posture through proactive risk mitigation.</li><li>Built, mentored, and led high-performing cross-functional teams of architects, developers, and project managers across geographies, driving timely delivery, agile governance, and regulatory alignment.</li></ul>	Feb 2012 – Present
--	--------------------

- Developed an AI-enhanced ridesharing solution with semi-autonomous navigation, increasing ridership by 44% and reducing false ride incidents by 88%, while also designing real-time insurance quoting applications for top-tier insurers.

## IT Executive – Emerging Technologies

██████████ | Toronto, ON, Canada

Oct 2006- Feb 2012

- Directed a portfolio of 120+ digital transformation projects across 17 ministries, aligning with mandates and managing \$40M+ in budgets; consistently delivered within scope, schedule, and regulatory compliance.
- Led application and legacy system modernization programs, reducing operational costs by 23% annually over 5 years through technology rationalization, virtualization, and cloud integration, enabling scalable digital services.
- Served as primary technology advisor to CIOs, developing annual IT roadmaps and TB20 funding submissions, guiding strategic IT investments that enhanced inter-ministry collaboration and improved service delivery metrics.
- Chaired multiple government technology and business architecture committees, driving consensus on enterprise frameworks, governance models, and interoperability strategies, while advocating emerging technologies for secure, efficient service design.
- Pioneered a non-traditional digital hiring platform, from research to rollout, earning the CIO Magazine's top innovation award by streamlining public-sector recruitment and increasing hiring process efficiency by over 35%.

## Executive, IT, Cyber Security, Audit, and Compliance

██████████ | Summerset, NJ

Nov 2003 - Sep 2006

- Led enterprise IT governance and cybersecurity consulting across sectors, delivering official ITIL®, COBIT®, and ISO trainings while defining frameworks that aligned infrastructure strategy with business goals.
- Implemented COBIT controls across three platforms, integrating NIST 400-58/113 standards, strengthening risk posture, and ensuring audit-readiness for financial clients with complex regulatory environments.
- Chaired Security & Architecture Committee, designing cross-cloud security policies, establishing MFA standards, and directing enterprise risk management for on-prem and hybrid deployments.
- Directed enterprise-wide IT audits, scoped and tested controls, and provided actionable risk assessments to executive leadership, improving compliance performance and audit scorecards across multiple business units.
- Served as advisor and interim CISO, developing security policies, vulnerability assessment cycles, and incident response frameworks, enhancing cyber resilience and aligning operations with ISO 27001 and NIST CSF.

## Previous Experience

**Project Manager** ██████████ | ON, Canada

May 2001 to Nov 2003

**V.P. IT Services**, ██████████ | Naperville, IL, USA

Feb 1998 to Mar 2001

**V.P. IT Services**, ██████████ | Chicago, IL, USA

Apr 1996 to Feb 1998

**Director, IT and Consulting**, ██████████ | Schaumburg, IL, USA

Apr 1994 to Feb 1996

**Sr. Engineer/Floor Manager**, ██████████ | Phoenix, AZ, USA

Aug 1990 to Dec 1993

## Education
